TECHO—BLOC

New Industria Flora Patio Slab

Over 460 pattern possibilities

The new Industria Flora offers over 460 pattern possibilities. This 600 x 600 concrete slab was inspired by Mediterranean ceramics and features textured floral patterns. Available in six different designs and two staple colors, Industria Flora pairs perfectly with Techo-Bloc's Industria collection, and is bringing sophisticated visual interest to the outdoors.

Congratulations
HBS on 100 years
in business!

A large residential yard is shown with many wooden posts installed in the ground. The posts are arranged in a grid-like pattern, suggesting the preparation for a new fence. In the background, there are several houses with brick and siding exteriors. The sky is blue with some clouds.

A faster way to build vertical features?

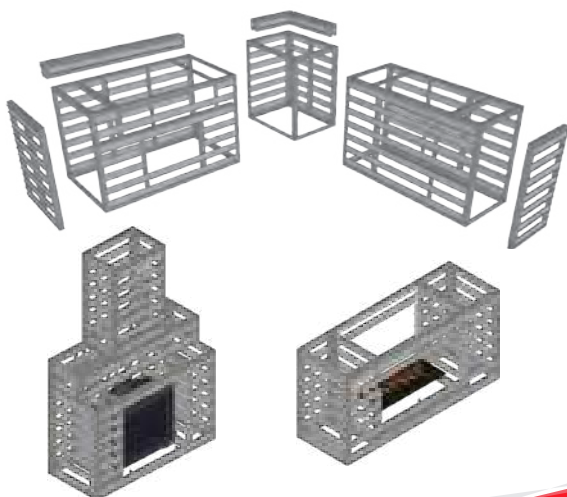

It's about time.

The **U-CARA** Modular System makes it possible – in hours, not days.

When the plan calls for pillars, a grill island or any vertical feature, the U-Cara Modular System lets you create customizable features in hours – not days! Simply build the sturdy, aluminum frame in any configuration and clad it with a wide selection of fascia panels. Add the U-Cara Wall Mount System to tie existing structures in for a cohesive design. So innovative. So Unilock.

Ask for a hands-on demonstration.

Did you know that sodium and chloride build-up from de-icing activities is an environmental concern?

For areas that you need to keep clear of ice and snow, a ProMelt product will reduce your chloride impact when applied according to instructions.

Reduce your impact on:

- Buildings
- Pets and wildlife
- Landscaping and natural vegetation
- Freshwater and sources of drinking water
